Hi Jennifer,

Thank you very much for the email. Hope everything is going well at your end.

Our expert committee (EC) decided to defer balloting on the Maltol revision because of the following:

We received six comments on the Maltol PF 46(2) proposal. Our EC decided to use the excipient open forum as a communication vehicle to address these comments. We presented the Maltol case in the open forum this month. We will bring back feedback from stakeholders on this revision received from the open forum to our EC for consideration before they ballot on this revision.

Hope the information is helpful. If you have any questions, please let me know.

Best,
Peng

Subject: Deferral of revisions to Maltol monograph as published in PF 46(2)

Hello Peng,

I noticed that the revisions to Maltol monograph as published in PF 46(2) which had been targeted to become effective in USP-NF 2021 Issue 2 have been deferred. Can you please share why the update to the monograph was deferred?

Thanks!
Jen
